

## OFFICE OF THE CONTROLLER OF EXAMINATIONS

### USE OF SCIENTIFIC CALCULATORS DURING EXAMINATIONS

The students are permitted only to use non programmable, silent hand-held, self-contained, single line/dual line scientific calculators in the continuous assessment tests and in end-semester examinations.

Programmable calculators that can store and retrieve text, mathematical features like graph plotting, equation solving, symbolic algebraic manipulation, numerical integration, numerical differentiation, matrix calculations, data banks, dictionaries, thesauruses, personal organizers etc., are strictly prohibited.

Use of prohibited calculators inside examination halls will be considered as an academic misconduct / malpractice and punitive actions will be initiated against such students as per institution norms.

#### PERMISSIBLE NON-PROGRAMMABLE CALCULATORS
